The Reformanda Initiative

ICED is the headquarters for the Reformanda Initiative. The Reformanda Initiative exists to identify, equip, and resource Evangelical leaders to understand Roman Catholic theology and practice, to educate the Evangelical church, and to communicate the Gospel.

This takes place through speaking at conferences (Ligonier, ELF, FOCL, etc), through an annual conference in Rome known as the Rome Scholars and Leaders Network, through publications (Vatican Files, books), and the Reformation Initiative Podcast.
